Alaska Energy Authority

01307-00

1. Award Conditions - Yakutat Rural Power System Upgrade (RPSU) Construction

***Award Conditions to the Financial Assistance Award  
Between the Denali Commission and Alaska Energy Authority  
For Yakutat Rural Power System Upgrade (RPSU) Construction  
Award No. 01307  
September 2010***

***1. Scope of Work***

This award of \$3,150,000 will provide for a new power plant, heat recovery system upgrade, and distribution system extension in Yakutat, Alaska (AEA project number 350265). Match funding for the project includes \$1,400,000 from the U.S. Department of Agriculture Rural Utilities Service, \$159,742 anticipated from the State of Alaska, and \$1,046,886 from local sources, for a project total of \$5,756,628. The additional \$159,742 is not allowable in future grants from the Commission and must be secured through an alternative source (i.e. State of Alaska, local match, etc). The local source match includes the land for the new power plant, fuel during construction, three existing generators, and transformer and distribution equipment. This project may not proceed until approved due diligence has been completed and accepted by the Denali Commission.

The new power plant will be an engineered metal building with a concrete slab-on-grade foundation. The plant will re-use the four existing electronically controlled fuel-efficient generators. New switchgear will provide automatic paralleling and load control of the four generating units to maximize generation reliability and fuel efficiency. Critical grade silencers and sound insulated dampers will attenuate noise from the plant. The plant will be provided with a fire suppression system, and engine coolant, fuel, and lube oil piping. Upgrades to the existing heat recovery system include new pumps and heat exchangers at the power plant and end user buildings. An energy meter will be installed and new arctic pipe routed from the new plant to the existing arctic piping system.

The power plant fuel system will include new tanks, piping, pumps and associated equipment. The power plant site has also been designed to facilitate a proposed future bulk fuel storage facility to meet the long-term fuel needs of Yakutat.

All Commission funding is intended for use for the scope of work identified in the Award document only. Any balance of funds remaining after the full scope of work has been completed will be returned to the Denali Commission.

***2. Milestones***

The following milestones are identified as the major steps to be completed as part of the project. "Planned" dates for the first milestone are included here. As part of each progress report, recipients shall update the progress toward meeting these milestones (see section 7, Reporting).

Milestone	Planned		Actual		Units	Total Cost At Completion
	Start Date	End Date	Start Date	End Date		
Construction	09/01/2010	12/31/2013			0	\$0.00

Project Close-out	01/01/2014	03/31/2014		0	\$0.00
-------------------	------------	------------	--	---	--------

### ***3. Award Performance Period***

The Award performance period is September 1, 2010 through December 31, 2013. This is the period during which Award recipients can incur obligations or costs against this Award.

### ***4. Direct and Indirect Costs***

The cost principles of OMB A-87 are applicable to this Award. No indirect costs are allowable under this award. Please refer to the cost principles regulations for specific details on other allowable charges under this Award.

### ***5. Budget and Program Revisions***

The Administrative Circular, OMB A-102, applies to this Award. Please refer to the Administrative Circular for specific details on revisions to this Award. The Administrative Circular requires that AEA will inform the Commission in writing (e-mail, letter, or report) at the earliest possible date of any unanticipated project cost overrun, project schedule delays, or changes in the project scope or changed site conditions.

### ***6. Payments***

Payments under this Award will be made by electronic transfer in response to a "Request for Advance or Reimbursement", Standard Form 270 (SF-270) submitted by AEA. Requests for reimbursements may be made as needed. The SF-270 must be submitted to the Denali Commission via fax, e-mail ([finance@denali.gov](mailto:finance@denali.gov)) or mail in order for payment to be processed. The form is available on the OMB website: [http://www.whitehouse.gov/OMB/grants/grants\\_forms.html](http://www.whitehouse.gov/OMB/grants/grants_forms.html). Payments shall be made in accordance with OMB Circular A-102. Please contact the Denali Commission's Finance Specialist at (907) 271-1414 for further information about submitting this form. **No interest will be accrued on these funds.**

### ***7. Reporting***

Two forms of project reporting are required under this Award, listed below. AEA shall submit reports using the Denali Commission's on-line Project Database System, available at [www.denali.gov](http://www.denali.gov). If there are technical limitations which may prevent the recipient from meeting this requirement, please contact the Program Manager listed in this agreement.

- a. **Progress Reports** shall be submitted on a quarterly basis. The first reporting period is September 1, 2010 to December 30, 2010, and quarterly thereafter. Reports are due within 30 days of the end of the reporting period. Progress reports shall include the following:

- i. Total project funding, including both Denali Commission funding and other project funding sources.
  - ii. The total project expenditures for the project as of the end of the reporting period, including both Denali Commission and Other funding sources.
  - iii. Updated schedule and milestone information as identified in the Scope of Work
  - iv. Narrative summary of the project status and accomplishments to date, and address the following questions: is the project on schedule, is the project on budget, and what actions are planned to address any project problems.
  - v. Photographic documentation of project progress shall be provided with the progress reports for active construction projects. The photo documentation shall include a minimum of three, dated photos per reporting period such that a complete record of the construction is maintained over time, from “before,” showing the situation before the start of construction, to “during” showing work proceeding on the project, and “after” to show the finished project. Photos shall be provided in a digital format as part of the on-line report. A short description of the activity and names of those in the photos shall also be provided.
- b. **Federal Single Audits** shall be submitted annually, when required. In accordance with OMB Circular A-133, which requires [subpart 200] “Non-Federal entities that expend \$500,000 or more in a year in Federal awards shall have a single or program-specific audit conducted for that year in accordance with the provisions of this part [subpart 205]. The determination of when an award is expended should be based on when the activity related to the award occurs.”

Recipients shall also submit single audits to the Federal Clearinghouse as designated by OMB. Information can be found on the following web-site:

<http://harvester.census.gov/sac/>

## **8. *Project/Award Close-Out***

The project close-out report shall be completed within 90 days of the end of the Award performance period or within 90 days of the completion of the project, whichever is earlier. Recipients must also draw down any remaining funds for expenditures incurred under this award during this 90-day period.

The project close-out report shall be submitted on-line through the Denali Commission’s on-line Project Database System, available at [www.denali.gov](http://www.denali.gov). The project close out will require the recipient to submit the following information:

- a. Final data for each item listed in paragraph 7(a) “Progress Reports”

- b. Final project expenditures itemized by the following categories: planning & design; materials & equipment; freight; labor; project administration/overhead and other expenses.
- c. Acknowledgement of support: For all construction projects, the Award recipient shall display a sign that acknowledges the Government's support for the project(s) developed under this Award. The Commission will provide an appropriate sign. The Award recipient must request an indoor and/or an outdoor sign from the Commission office. Pickup or delivery of the sign can be arranged at that time.

### ***9. Public Policy Laws and Assurances***

Award Recipients are required to comply with the public policy laws and assurances on Standard Form SF 424d. This form must also be signed by a certifying official of the organization. Some of the laws are highlighted below for your reference.

To the maximum extent practicable, considering applicable laws, Funding Recipients shall accomplish the project contemplated by the Award using local Alaska firms and labor.

No portion of this award may be used for lobbying or propaganda purposes as prohibited by 18 U.S.C. Section 1913 or Section 607(a) of Public Law 96-74.

Project level environmental reviews in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA) are required for each project undertaken with Denali Commission funds.

### ***10. Non-Compliance with Award Conditions***

Recipients not in compliance with the terms and conditions of this Financial Assistance Award will be notified by the Denali Commission. The Denali Commission will work with the recipient to identify the steps necessary to bring them back into compliance, and will establish an appropriate time frame for the corrections to be made. If the corrections have not been made by the deadline, the Denali Commission reserves the right to either suspend or unilaterally terminate the Financial Assistance Award for non-performance.

***12. Other project specific paragraphs may be added here***

A letter dated July 20, 2010 was signed by the Commission and AEA to extend the terms of the FY2008-FY2009 Memorandum of Agreement (MOA) to include FY2010 awards. Per the MOA, biannual meetings will be held to share lessons learned and best practices and to report on the measureable improvements brought about as a result of the Commission's Energy Program and development of program evaluation metrics.
